

Pre-Approval form for Shared EIN- Extraordinary Give 2020

Due Date, this form: September 14, 2020

Status Update from Community Foundation: September 25, 2020

Due Date, Extraordinary Give application: October 16, 2020

Do you share a Tax ID/ EIN with a “parent” organization?

If you are an organization that shares a Tax ID/ EIN with a larger entity and both entities wish to participate in the Extraordinary Give as separate causes, you must review the following information BEFORE filling out the application. Please note that if your organization has its OWN EIN, you may not share an EIN with another organization as a fiscal sponsorship.

A “parent” organization may register multiple (up to 3) entities that share an EIN IF it meets ALL of the following criteria. Otherwise, you may register only one entity under the EIN:

- A mission or purpose that is distinct and unique from the parent organization.
- A non-staff steering committee or advisory group separate from the parent organization.
- Annual fundraising activities separate from the parent organization.
- A unique logo and brand identity in the community separate from the parent organization.
- Included in a formal financial audit from the parent organization.
- The approval of the CEO or Director of the parent organization to complete this application process.

Once approved to register multiple entities, we will provide you with important instructions related to registration and then you can move on to the Extraordinary Give application.

Organizations that share an EIN and were approved to participate in the Extraordinary Give in 2019 are automatically approved to do the same in 2020, upon confirmation that your organization still meets the requirements. Email extragiveinfo@lancfound.org for further instructions on how to apply in 2020.
