# 6-Step Guide for Creating a Custom Cover Photo with Canva
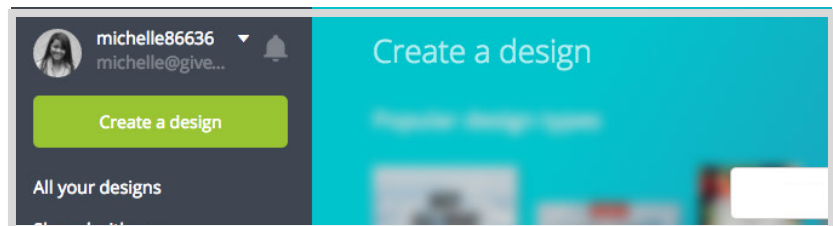

STEP 1

Go to www.canva.com and sign up for a free account.

STEP 2

Click on the "Create a Design" button.

On the top right, you'll see the option to use custom dimensions. Click on that and use 3000x1000 for Twitter or 2000x763 for Facebook.

Toggle to use (or to stop using) custom dimensions.

STEP 3

Using the menu bar on the right, navigate to uploads and add your own image using the 'Upload Your Own Images' Button.

This shows your upload progress. Our image is almost ready to use!
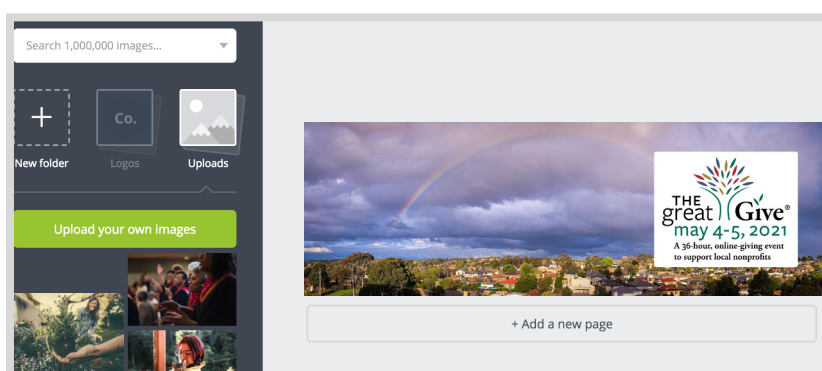

STEP 4

Once your image has finished uploading, drag it to your canvas. You'll want to resize the image so that it covers the entire canvas area.

Tip: Use the zoom tool to "zoom out" and see your entire canvas!

STEP 5

Upload the editable "Custom_CoverPhoto" and add it to the canvas. Resize this image to fill the entire area as well.

STEP 6

To save your image, click on the "Download' link in the header.

And You're Done!
